

Located in Kentwood on the southeast side of Grand Rapids, Bailey's Grove is one of our largest master planned communities. This development includes four distinct neighborhoods of single family homes, luxury townhome and ranch condominiums, and detached villa condominiums. It features a community center and pool, a park with a gazebo, walking trails, a preserved natural area and an on-site [elementary school](#).

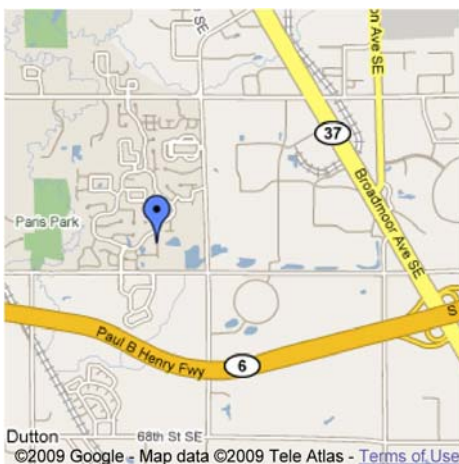

Bailey's Grove is beautifully landscaped with mature trees and has won accolades from the Michigan Department of Environmental Quality and the National Arbor Day Foundation for preservation of wetlands and wise land use planning. This self-contained community truly defines the company's master planned community concept.

Time is running out to be a part of this terrific community. There is only one finished home and two homesites remaining.

Few sites remain...

- Community Clubhouse and pool
- Beautiful Park & gazebo
- Walking trails & Natural areas abound
- Kentwood Schools
