

Eastbrook H O M E S

Better by Design. . .

**FAIRMOUNT
SQUARE**

Fairmount Square is the newest in urban living and more. Eastbrook Homes has blended the rich history of the past, with the energy and convenience of the future. If you feel like going out, several notable restaurants, boutiques and galleries are just steps away.

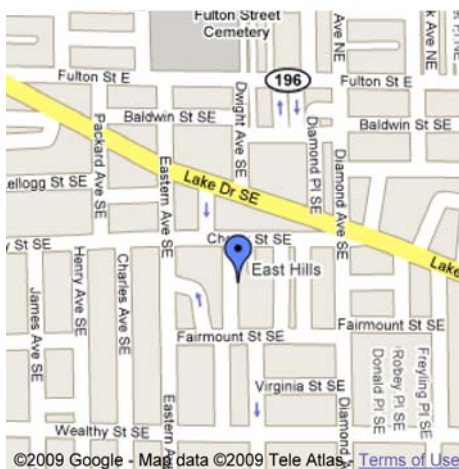

Crafted with [Greenbuilt](#) and [Energy Star Plus®](#) standards our townhomes offer two and three bedroom designs, each with its own garage. Many of these exciting floorplans offer a unique carriage house option. This additional space is extraordinarily flexible and limited only by your imagination - turn it into an art studio, a quiet office, or a private getaway for your guests. Discover Fairmount Square... Modern Living in a historic urban setting.
