The above drawing represents the proposed exterior view of the Lowing Woods Community Clubhouse.

LOWING WOODS

Jenison and Hudsonville Schools

Lowing Woods has been designed with uniquely clustered villages of homes and condominiums to create an aesthetic flow to the community while also meeting the needs and price ranges of a diverse group of residents. Community spaces and amenities, including a pool, clubhouse, sidewalks and tot lot, will serve as focal points as well as social gathering spots in this unique, inclusive neighborhood.
